Managed by : સવ્યસાચી Education Trust, Rajkot

At T.N. Rao College of Teacher Education, decentralization and participative management are effectively demonstrated through a range of committees and cells, each meticulously documenting their activities. These committees handle diverse functions and responsibilities, embodying a decentralized approach to governance and administration.

Each committee and meeting provides a platform for stakeholders to actively participate, contribute, and make informed decisions within their specific areas of expertise. This network of committees highlights a bottom-up approach, ensuring that various segments of the institution's community are involved in critical decision-making processes.

The presence of these committees underscores the institution's commitment to decentralization and participative management. By establishing specialized committees, T.N. Rao College fosters a collaborative environment, addressing both academic and administrative needs through a collective approach.
